

# Z-KIT SET UP INSTRUCTIONS

Needed Parts:

- 1 kit Lid
- 1 set of Tiltfeet
- 1 Z-Kit Module (includes 1 double sided laminated chart, 1 pen light, 1 foam peg board, multiple “candles”)

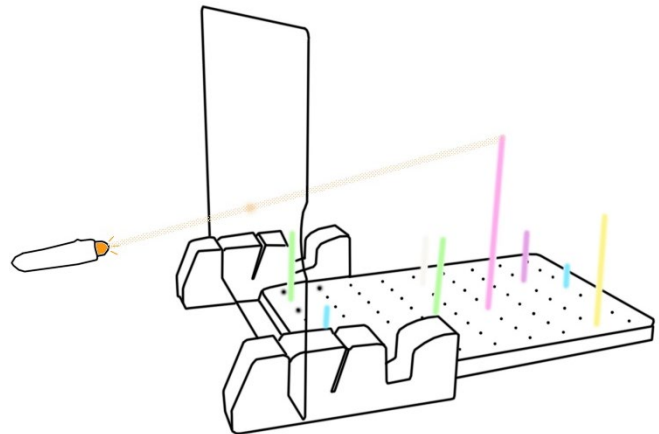

General Assembly:

Place the long edge of the kit lid into the vertical slots in the tiltfeet

Candle Lighting Activity:

After completing the general assembly place the foam pegboard on the table between the tiltfeet behind the lid. The “candles” can then be placed as desired in the pegboard.

Maze Activity:

After completing the general assembly. Place either of the laminated maze charts in the angled slots in the tilt feet.
